

CLOUDS STILL OVER MEXICO

Rebellion as Fierce as Ever
—Will Not Submit to
Carbajal.

URGE CONCILIATION

(Mexico City Fears Constitutionalist
Advance—Federals Will Resist
Entry of Carranza.)

Mexico City, July 20.—With President Carbajal doing his best to put an end to civil war, a renewed outbreak, with much bloodshed and enmity is threatened by extremists, who insist that they will be satisfied with nothing but a triumphal entry of the capital by the armed forces of General Carranza.

President Carbajal is urging the necessity of conciliation and the sacrifice of party spite to public welfare, but he has a hard task.

High army officers favor resistance to Carranza at Queretaro should the constitutionalists continue deaf to President Carbajal's proposals.

Should Carranza insist upon a triumphal entry, he will gain the enmity of a majority of citizens of the capital where he is none too well liked at present. Carbajal is winning the good will of the people because of his moderation and apparent earnest desire to settle the strife that has torn the republic for years.

Washington, July 20.—Knowledge of the exact situation concerning the relations of Villa and Carranza is being sought eagerly by the American Government. A complete report from George C. Carothers, special agent of the State Department, who has been with Villa for a year, is being forwarded. Carothers reached El Paso yesterday and his report is believed to be on the way.

Meanwhile the belief grows in Washington that Villa will be hard to keep in check, although officials do not expect any move from him that will hamper the establishment of a provisional government in Mexico City. So long as he is left supreme in the north, where he already controls the civil and military government, through his personal appointments, he is not expected to make any hostile move.

According to State Department reports, everything is quiet in Mexico City. A complete understanding is looked for between Carranza and the Carbajal government and then Carranza is expected to take the city and formally proclaim his own government.

BRYAN RETIRES FROM RACE

Will Not Seek gubernatorial Nomination in Nebraska.

Lincoln, Neb., July 20.—Charles W. Bryan, brother of the Secretary of State, last night announced he will not seek the Democratic nomination for Governor of Nebraska because his candidacy was conditional on the necessity of having a Progressive candidate in the field and that necessity no longer exists.

ODDS AGAINST SHAMROCK

London, July 20.—A policy has been issued at Lloyd's to pay the total loss if the Shamrock IV. wins back the America's Cup from the United States, the premium paid being 35 guineas per cent. The yacht is insured in the London market in the value of 18,000 pounds. This is equivalent to odds of 27 to 10 against Sir Thomas Lipton's yacht.

INSTANTLY KILLED.

Sad Death of a Little Boy Yesterday
Near the Cotton Mill.

Lynchburg, Va., July 20.—While playing with a shotgun Friday afternoon in his home near the cotton mill, Walter Wiltshire, 10 years old, was almost instantly killed when the gun was accidentally fired. Geo. Poston, a playmate was in the room with young Wiltshire when the accident occurred and had warned Wiltshire not to play with the gun.

NEWS OF THE DAY

Benjamin Vain, 26 years old, of Baltimore, was killed yesterday afternoon, on the Eastern Avenue road, near Columbus Park, when a carriage in which he was riding with Scott Preston, collided with that of John Freitag. Preston was cut on the head and body and Vain's skull was broken and his jaw dislocated when the horse Preston was driving became unmanageable.

Mrs. Josephine Sanger, aged 26, and Joseph Sanger, aged 34, raced to the new courthouse at Cleveland Saturday to see who would be the first to file a suit asking for the annulment of their eugenic marriage. Mrs. Sanger won by a few minutes. Her petition says that Sanger misrepresented his physical condition. He told me he was a marriageable, healthy man," Mrs. Sanger said. "I found out he wasn't. A few minutes later Sanger filed suit for divorce. He asserted that she misrepresented her physical condition to him.

The waters in and about Baltimore again claimed a distressing toll of lives yesterday when three persons were reported as having met death by drowning. The victims were. Hyman S. Steapero, 26 years old, drowned while bathing in Curtis creek after eating a hearty meal. Miss Sophie Gensler, 35 years old, committed suicide while despondent by jumping into the Patapsco River near River View. Bernard Hansen, colored, 14 years old, drowned in the Patapsco river.

Two steamers, two large schooners, and a barkentine were wrecked on the Nova Scotia coast in a violent storm which began Saturday and continued to yesterday, rain, fog, thunder and lightning accompanying the gale. There was no loss of life, but it is unlikely that any of the wrecked vessel will be saved.

Southern Railway is preparing to install a telephone block system to take the place of the telegraph system now in use on the Atlanta division between Macon, Ga., and Ooltewah, Tenn., a distance of 225 miles and part of the route of Southern Railway's through trains between the West and Florida. The present telegraph block system consists of one telegraph wire.

A modern Lady Godiva, minus the horse and the lofty motive of her predecessor of Coventry, hurried unclad along two blocks of Rock Island, Illinois, Friday night. The fact became generally known yesterday when August Schultz began a 20-day sentence in jail for being the cause of the young woman's predicament. Miss Emma Hartmann, 18 years old, told the justice that after a quarrel, Schultz, by threats of beating her, compelled her to divest herself of her clothing. With her wearing apparel under his arm Schultz deserted her. In nature's garb she ran to her home, and from there notified the police of the outrage perpetrated upon her.

The big power yacht Blue Bird, owned by E. Palmer Gavitt, son-in-law of the late Anthony Brady, was destroyed by an explosion of gas, line in its hold off the Packer Real Estate Exchange at Seabright yesterday. Gavitt and his daughter Marjorie, who is heiress to more than \$20,000,000 of the Brady estate, had left the yacht only a short time before to visit friends at Rumson, N. J. The engineer of the yacht was seriously injured, and the boat went to the bottom when fire followed the explosion so quickly that the firemen arrived too late to check it.

The world's record in transporting guns by road was accomplished by the Yorkshire, England, territorial battery of artillery yesterday. Dispensing with horses, the guns and ammunition wagons were hitched to powerful automobiles, which dragged them to the coast, a distance of 116 miles, in 7 hours and 30 minutes without a single mishap. Horses would have taken four days for the march. The feat was performed as an experiment in rushing guns to the coast to repel possible invasion.

Miss Margaret Monahan, a young artist, of Easton, was drowned in the Delaware Canal yesterday when an automobile in which she was riding broke through a bridge guard rail and plunged into the water.

SENATE TRIO FIGHTS WILSON

Fierce Opposition by O'Gorman, Reed and Hitchcock Traced.

FIGHT FOR TAMMANY

Antipathy Goes Back to Baltimore Convention, When Clark Lost Nomination for President.

Washington, D. C., July 20.—The animus of the opposition to President Wilson and his policies on the part of Senators James A. O'Gorman, of New York; James A. Reed, of Missouri; and Gilbert H. Hitchcock, of Nebraska, has been located. Briefly stated, it sums up as follows:

Senator O'Gorman—Antipathy to the inclinations of the President and his advisers to recognize progressive Democrats in New York, not only with regard to patronage, but concerning organization in the State or reorganization, as it is oftener termed.

Senator Reed—Resentment toward the President because of his victory over Champ Clark in the Baltimore convention, and the failure of the President to grant every request made by Senator Reed with regard to the distribution of patronage in Missouri.

Senator Hitchcock—In opposing President Wilson, Senator Hitchcock hopes to embarrass Bryan. Secretary Bryan has obtained most of the patronage in Nebraska, and Senator Hitchcock has received little recognition at the hands of the President.

The triumvirate of Democratic opposition in the Senate has been strong since the beginning of the present Administration.

All three Senators jumped away from their party during the legislation on the tariff bill. All three came around in the final vote, although they did their best to embarrass the President until then.

The three Senators stood together during the enactment of the Currency law, injecting opposition to the Administration's bill right along, and voting for it only at the last minute.

In the tolls fight all three were found in the ranks opposing the President.

President Wilson's effort to have Thomas D. Jones, of Chicago, confirmed as a member of the Federal Reserve Board has found the triumvirate again lined up in opposition to him.

The President and his friends are determined not to give way an inch and to fight the question to a finish. That this is to be the President's position now, at least, is indicated by his refusal to use pressure on Senator O'Gorman in an effort to induce him to change his position with regard to Mr. Jones.

As bad as President Wilson wants Mr. Jones confirmed he will not recede one inch, it is said in his policy of recognizing the progressive element of the Democratic party.

Claims Wife's Death an Accident.

New York, July 20.—Ragged and dirty, his eyes glaring like those of an insane man, and close to collapse from hunger, Walter P. Cadogan yesterday staggered into the Greenwich street police station.

"I think I am a murderer, but I'm not sure," said the man to Lieut. Levey. He stated that in Baltimore last Monday he had quarreled with wife. He said he had drawn a revolver, intending to scare her and by making a show of shooting himself, and that in her struggle to take the weapon from him it was discharged, the woman falling wounded. He left her on the kitchen floor and fled, he stated.

Upon inquiries, word came from Baltimore that Mrs. Cadogan was dead. Cadogan is held on a charge of murder.

UNLICENSED DOGS.

Wagon Will Start on Crusade in a Short Time.

A crusade against owners of unlicensed dogs will be made within the next few days by the police. All owners of dogs who have failed to pay the required license tax will be cited to appear in the Police Court and fined. Within a short time the police will compile a list of those who have paid the required license tax. The dog wagon will also be put on the streets for the purpose of gathering in unlicensed canines. All such not called for within a reasonable time will be dispatched by gas. Nearly five hundred dog licenses have been issued thus far by City Auditor E. P. Price.

A white man was fined \$5 in the Police Court this morning for allowing his dog to appear on the streets without a muzzle. A colored woman had been cited to appear to answer a similar charge. She preferred to have the dog killed than to pay a fine of \$5.

CONVICT SHIP "SUCCESS."

Antique Craft Will Leave This Port This Evening or Tomorrow for Philadelphia.

Many Alexandrians visited the old British ship "Success" at the foot of Cameron street yesterday. A portion of the proceeds of the sale of tickets was devoted to the new Alexandria Hospital.

The "Success" will leave Alexandria late this evening or tonight for Philadelphia, and after having been exhibited in that city will start for San Francisco via the Panama Canal.

BAND CONCERT.

The first of a series of band concerts for the social centre at the Washington School grounds, arranged for by the chairman, Mrs. T. Clifton Howard, will be given this evening by the Indian Guard Band, and the program will consist of the latest popular airs and overtures.

This will be the first real step in promoting the social centre work in Alexandria along the lines of entertaining the parents as well as the school children. The concert will be free, and every resident of the city is urged to be in attendance and at the same time see for themselves just what is being done for the school children.

The Indian Guard Band is deserving of commendation in taking the initiative in providing entertainment. They make no charge for their services and intend to follow up their start with many more concerts during the summer months.

RIVER DREDGING.

Dredging in the Virginia channel of the Potomac from the Highway Bridge to Georgetown will begin this week by the dredge Dewey. The Dewey has a contract to dredge and pump ashore 450,000 cubic yards of material, in a portion of the channel 6,000 feet long and 400 feet wide, to a depth of 21 feet at low water.

It is stated that the dredged material, which will be pumped to the lowlands on the Virginia shore, will reclaim a considerable area now covered with water at high tide.

NORA BAYES NEAR DEATH.

New York, July 20.—Vaudeville and musical comedy circles got a shock today when it was learned that Nora Bayes, prominent in both, had received her death sentence from physicians in Europe.

Edward V. Darling general booking manager of the Keith Theaters, who is in Europe looking for vaudeville acts, cabled the United Booking offices that Miss Bayes had been ordered to Kissingen, and that her physicians had informed her that she did not have more than six months to live.

OFFICERS ELECTED.

At a meeting today of the directors of the Fairfax Mutual Fire Insurance Company, Walter Roberts was elected a director and subsequently president in place of James W. Roberts, deceased. Charles B. Marshall was chosen treasurer in place of Walter Roberts.

ANOTHER VICTIM OF COLLISION

Casualties of Trolley Accident Near Norfolk Now Number Seven.

MOTORMAN ASLEEP?

Interstate Commerce Commission to Meet in Norfolk and Hold a Thorough Investigation.

Norfolk, Va., July 20.—Clarence Philpots, of Bassett, Va., is the seventh victim of Friday morning's collision at the Fairmount park grade crossing between a trolley train and a Virginia Railway coal train.

Philpots, who was a young lad of nineteen years, sustained a crushed leg, the injury extending high above the knee. Amputation was necessary, and gangrene developed. This caused his death in a hospital this afternoon.

Reports from the hospitals are to the effect that all the others who were injured are resting well.

Dennis P. Lyons, of Baltimore, whose leg was crushed, shows improvement, and Surgeon Lynch is now hopeful of saving the limb.

Practically all preparations have been completed for the opening of the joint inquiry by the interstate and State Corporation Commissions. The sessions will begin at 9:00 a. m. A suite of rooms in the Union depot have been secured for the hearings. They are to be public.

The charge that Motorman Atkinson was asleep at his post, and that overwork and long hours were responsible for his condition, will be thoroughly investigated. The charge is based on the statement of young Goldman, one of the victims of the wreck, who declared fifteen minutes before his last breath, that he had to "shove" the motorman before he could get him to notice the red signal lights ahead and apply the air-brakes. It was then too late to prevent the crash. It is declared that other passengers on the front seat will corroborate his statement.

Officials of the two commissions declared that they will sift the matter in order to get all of the facts and to definitely fix the responsibility for the accidents.

Judge William F. Rhea, of the State Corporation Commission, left Richmond yesterday afternoon for Norfolk to represent the commission in the inquiry into the wreck, which begins this morning.

MEETING OF HIBERNIANS.

Forty-Ninth Biennial Session Will Open in Norfolk Tomorrow.

Norfolk, Va., July 20.—A steady stream of Hibernians have been pouring into Norfolk during the past few days, to attend the forty-ninth biennial convention of the A. O. H. The advance guard of the convention, the national officers of both branches, have been holding daily business sessions since Thursday, and will continue in session up to the opening of the convention tomorrow morning.

The official delegates of the A. O. H. and ladies' auxiliary from this State will number about sixty, and there will also be about 200 visitors.

A PROCLAMATION.

To the Officers Charged with the Duty of Conducting Elections Throughout the State of Virginia: Pursuant to the provisions of an Act of Assembly, approved February 18, 1914, I hereby give notice that an election will be held at all of the voting precincts in this Commonwealth, on Tuesday, September 22, 1914, between the hours of sunrise and sunset, on the question of prohibiting the manufacture for sale and the sale of intoxicating liquors in this State.

Given under my hand this July 14, 1914.

H. C. STUART, Governor.

LOCAL BREVITIES.

Mrs. Ella Dudley, 48 years old, daughter of James Vernon, died at her home on North Washington street today.

John Thompson, a colored man, was burned to death in his cabin, half a mile from the Arlington wireless station, early yesterday. An overturned oil stove caused the fire.

WHY A FORD? Because in quality of service to owners and in its daily performance it's the biggest car in the world.

Clarence Lee, infant son of Mr. and Mrs. Ezekiel Moore, died at his parents' residence, 321 south Lee street, early this afternoon.

Elsewhere in this issue you will find the advertisement of Swan Bros. telling about the great clearance sale now being conducted. Unusual bargains are being offered the public in every department, which thrifty buyers cannot afford to miss.

The Retail Merchants will hold their regular monthly meeting tomorrow (Tuesday) night. As this will probably be the last meeting until fall and several applications for membership have been received in the last few days, a large attendance is expected.

KILLS HIMSELF IN PARK.

Philadelphia, July 20.—While riding down a bridge path between the Philadelphia Country Club and Woodside Park yesterday, Park Guard Knoll heard a pistol shot from the direction of a clump of trees nearby. He hurried to the place and saw lying on the ground the unconscious form of a well dressed man, a smoking revolver clutched in his hand. He summoned the park patrol and had the body taken to the North Western Hospital, where the man was pronounced dead. A bullet had penetrated his head through the right temple.

There were no marks of identification on the man's clothing further than the initials F. W. in his hat. He is described as being about 35 or 40 years old, about 155 pounds in weight, dark hair, small dark mustache and wearing dark clothes. The park police had no clue to the cause of the suicide.

BOTH DIE FROM WOUNDS.

Widower Fires at Young Woman, Then Shoots Himself.

New Orleans, July 20.—Frank Stagart, a widower, rode yesterday in the same ambulance with Miss Augustine Serpes, to whom he had been paying attention, and less than thirty minutes after their arrival at a hospital, both were dead, from the effects of pistol wounds inflicted by the former. According to the statement of relatives, the couple quarreled when Stagart called this morning at the home of Miss Serpes, and when the young woman started to leave the room, Stagart drew a revolver and fired. He then shot himself.

DANCE TO SACRED MUSIC.

New Tango and Hesitation Steps Invented by Beach Bathers.

Atlantic City, N. J., July 20.—Half a dozen new tango and hesitation dance steps were invented on the beach here yesterday by bathers. In an effort to break up the beach dancing, especially on Sunday, the city authorities sent out orders last night that today's band concert should use nothing but sacred music.

An unusually big crowd of bathers was out this morning when the concert began. For a few minutes there was disappointment and chagrin when the bands struck up old-fashioned Sunday school melodies. Then suddenly a group of dancers began a "hesitation" to the tune of "Old Hundred." They were watched intently by the throng for a while, and then couple after couple swung into the new dance.

The same thing happened when "Rock of Ages" was played. "Sweet Bye and Bye" and "Beniah Land."

CITY WILL HONOR BALTIMOREANS

Richmond Will Give Luncheon at Commonwealth Club to Visitors.

WILL BURY HATCHET

Visit of Mayor Preston to State Capital Designed to Bring Harmony Between Cities.

Richmond, July 20.—Executive and administrative officers of the city and State and a number of prominent citizens have been invited by Mayor Ainslie to attend a luncheon that he will give at 2 o'clock on the afternoon of Thursday, July 30, at the Commonwealth Club in honor of a distinguished delegation from Baltimore. The visitors will include:

James H. Preston, Mayor of Baltimore, and president of the Star Spangled Banner Centennial Commission.

Charles Kreuder, Jr., secretary to Mayor Preston.

A. S. Goldsborough, secretary of the Factory Site Commission and editor of the Municipal Journal.

Thomas F. McNulty, sheriff of Baltimore.

E. Milton Altfield, member of the Maryland Legislature and staff representative of the Baltimore American.

Raleigh C. Smith, staff representative of the Baltimore News.

A. H. McDonald, staff representative of the Baltimore Sun.

J. Hampton Baumgartner, Baltimore and Ohio Railroad Company.

Governor Stuart has already accepted an invitation to be present, and the Lieutenant-Governor and other State officers are expected to attend. Invitations have been sent to the members of the City Council, Administrative Board, heads of city departments and a limited number of representative citizens.

The luncheon will be a handsomely appointed affair designed to welcome fittingly the visitors from the Maryland metropolis. There will be no set speeches, but several informal talks are expected. The meeting of representative Baltimoreans and Richmonders so soon after the short period of unpleasantness that followed the naming of the regional reserve bank cities, it is pointed out, should leave no want of a common topic around which to build harmless pleasantries.

The Baltimore party will bring to the city a personal invitation to attend the national Star Spangled Banner Centennial, which will be held in Baltimore September 6 to 13. The visit to Richmond will follow similar visits to a number of cities in the South and Middle West in a centennial tour which began on July 8 and will end on August 1. The itinerary includes, in the order named, Cumberland, Pittsburgh, Cleveland, Detroit, Toledo, Chicago, St. Louis, Cincinnati, Louisville, Nashville, Birmingham, Atlanta, Jacksonville, Savannah, Augusta, Columbia, Charlotte, Raleigh, Richmond and Norfolk.

The visitors will arrive in Richmond at 5:55 o'clock on the morning of July 20, over the Seaboard Air Line Railway. They will be the guests of the city until 4:10 o'clock in the afternoon, when they will leave over the Norfolk and Western for Norfolk. After a day in that city the Marylanders will return to Baltimore via the Old Bay Line steamer at 6:15 o'clock on the afternoon of July 31.

Advance notices of the celebration that Baltimore will stage to commemorate the writing of the "Star Spangled Banner," by Francis Scott Key, indicate that the event will be imposing and spectacular to a high degree. Among the dignitaries who are expected to be present are President Wilson, former Presidents Taft and Roosevelt and the Governors of the fifteen States, comprising the Union at the time of the war of 1812, attended by large military escorts.

As soon as the man walked out of the door the manager of the store hurried across the street and presented the check at the bank and that there they had no such account. The strong Marine Corps Baseball team from the Marine Barracks, Washington, who have played the Cardinals two games previous to the one played and won both, by close decisions, were defeated in the park yesterday by the score: Cardinal A. C. 11, Marine Corps, 5.

Glass, the Marines star twirler, and who is signed up by the New York Giants, of the National League, was selected to try for a no-hit, no run game, against the home lads. "Kid" Devers who was the first Cardinal to face him hit a mighty drive for two bases, Bauer, next up, hit for one sack and when second was cleared stole to that base. "Dug" Merchant, then took the mark and another hit was added. "Dick" Snowden then seized up his foe's hot shot, promptly swung at a good one, and when the dust settled three runs were over the plate, and "Dick" was perched on the third sack waiting for a chance to tally, and, later, he sprinted home like a two-year old colt, making four runs for inning number 1. The "Glass" was broken during the above time, and the Cardinals then resolved to trim the team who had said they were easy picking by giving them a drubbing that they will not soon forget, and demonstrate that the "sand lot boys" of Alexandria can play baseball with the best of amateurs when they resolve to do so.

Eddie Thompson, the Cardinals catapult king, was at his best, and fanned the soldiers in great shape when they proved dangerous. Jimmy Patterson was the "man behind the guns" and he was there, too, with "chimes on," taking them all in like a lucky man goes after a prize in the country store in the movies.

"Joe" Owens worked the hidden ball trick in the sixth inning when he drove the ball to the outfield and it got lost for a time in the grass and before it was recovered he had a home run chalked to his credit. "Kid" Devers, "Dick" Snowden, "Dug" Merchant, and "Irish" Bauer, carried off the batting honors, but the good work performed by the entire team made success possible.

Runs: Cardinals—Devers, 3; Bauer, 2; Merchant, 2; Nugent, 2; Snowden, 1; Owens, 1. Total, 11. Marine Corps—Snyder, 2; Perry, 1; Bock, 1; Glass, 1. Total, 5.

The umpiring of Messrs. Harry Shurtliff, of Washington, on balls and strike, and James Douglass, of Alexandria, was fairness itself, not a protest being made against their decisions.

GAME AT GLEN CARLYN.

The aggregation of ballplayers at Glen Carlyn suffered a decisive defeat yesterday afternoon at their home grounds by the fast Pirate baseball team of this city. The final score was 4 to 1.

Hantzmon, the Pirate twirler, pitched shutout ball and almost a no-hit game. All the opposing players were able to gather off his splendid delivery was one scratch hit. Had it not been for bunched errors on the part of the local team in the third inning the Glen Carlyn team would have been shut out. Two errors and an overthrow to first base, coming in rapid succession, gave one run to the team from up the river.

Each of the local players distinguished themselves during the game and proved themselves the masters at every stage.

Driven to Seek Shelter.

Plymouth, July 20.—Shamrock IV encountered heavy seas on her voyage for America and took shelter in Plymouth sound, accompanied by Lipton's steam yacht Erin. When the challenger arrived at Torquay in tow of the Erin, Lipton told the Mayor of Torquay that if the American defender can beat Shamrock she must be nothing less than a miracle.

FAKED DEATH TO GET MONEY

Youth at Norfolk, "Dead Broke," Sought Funds for "Funeral."

Norfolk, Va., July 20.—When J. B. Stanley, a wealthy contractor, of Durham, N. C., received a telegram Friday announcing the death here of his nephew, Thomas Stanley, he made preparations for the funeral. He told his friends about Tom's death and they sent flowers. A number of them were waiting at the depot expecting the "corpse" to be brought on a train Friday night.

Thomas Stanley and William Lemmon came to Norfolk. They became "broke" and Tom decided that the only way he could "touch" his uncle was to play dead. He sent a message to J. B. Stanley and signed the name of Jordan Mangum, a good friend of the family.

The message stated that Tom had been killed by a Norfolk policeman because he resented arrest.

The uncle sent the necessary money to pay for shipping Tom's body home, but he sent it by mail. When Jordan Mangum received the money, with instructions for shipping the body he came near needing the service of a doctor. He was not in on the effort to "touch" the elder Stanley, and wrote the latter that, to the best of his knowledge, Tom was in good health but was "broke." Tom is still in Norfolk.

Instantly Killed by Train.

Norfolk, Va., July 20.—While attempting to cross the tracks of the Norfolk and Western Railway at Maple Avenue, William F. Phelps, 52 years old, of 510 Berkeley Avenue, was struck by a passing train Friday night between 8 and 9 o'clock, and instantly killed. His head was severed and the body carried several hundred feet under the trucks of the train, while the head was found about fifty feet further up the track. Both head and body were horribly mangled, the skull being crushed until unrecognizable. Mr. Phelps was returning from his garden when struck by the train, and the contents of a basket of vegetables he was carrying were strewn about 100 feet down the track. The body was identified by his son, J. H. Phelps.

BEER INTO THE SEWER.

17,000 Gallons Destroyed at Parkersburg, W. Va.

Parkersburg, W. Va., July 20.—Seventeen thousand gallons of beer was run into the sewer from the vats of the Parkersburg Brewing Company's plant, in this city, yesterday afternoon, under the direction of Deputy Revenue Collector Robert E. Hays. This beer was brewed before West Virginia went dry, but was too "green" to be skimped for sale before July 1.

In order to avoid paying to Uncle Sam the usual manufacturer's tax on the beer, the local company retained it in the vats and secured permission from the Internal Revenue Department at Washington for its destruction in the presence of a government official.

Appeals in Damage Case.

Richmond, July 20.—In the Supreme Court of Appeals yesterday the case of Vernon Ford, administrator of Frank Jackson, the court issued a writ of error and supersedeas. The case comes from the Circuit Court of Fairfax county. Frank Jackson, a negro boy of sixteen, was killed on the tracks of the Washington and Old Dominion Railway. It is alleged that he took a seat on the tracks, knew all about the passage of the cars, and that when he saw the trains coming he refused to get out of the way. He was instantly killed. Suit was brought by Ford, as administrator, and the trial court awarded damages. It is from this decision that the railroad is appealing.

Bitten by Copperhead Snake.

Winchester, Va., July 20.—Little Miss Virginia Fiddler, the 11 year old daughter of Mr. Frank Fiddler, of near Burnt Factory, was bitten on the hand by a copperhead snake a few days ago and is suffering considerably from the effects of the poison. Dr. A. H. Rouss, of Bruceton, was called to attend the child, and he said that she was doing favorably, and that he did not think she would lose either her hand or arm. The little girl's arm and hand are greatly swollen and she suffers much pain.

The child was picking up chips near Burnt Factory when the copperhead struck her. The flesh was not lacerated, the snake's fangs only leaving two small red marks where the poison entered. Dr. Rouss was sent for as soon as possible, and prompt medical attention has probably prevented serious consequences.

FINANCE CHANGED HER RIVAL

Young Woman Upsets Marriage Plans and Weds Former Lover.

Lynchburg, Va., July 20.—Following immediately upon invitations being received here for her approaching marriage in Savannah, Ga., on July 28 to Karl Gustav Karston, great interest is occasioned here by announcement of the elopement and marriage of Miss Florence Pickard in Savannah on Friday to Leverett B. Harrison, of Nova Scotia. The marriage took place in Savannah while young Karston was hurrying from England on the Mauretania to be married next week.

Mr. Harrison, who met Miss Pickard when they were students together, went to Savannah on Sunday to renew his suit, which had been rejected by the young lady while she was studying in Germany. He was successful and on Friday the couple went to St. Paul's Presbyterian Church, where they were married by the Rev. M. J. Epling.

Mr. and Mrs. Harrison went to the bride's home and broke the news to her mother by asking for her congratulations. Her father, the Rev. Dr. W. L. Pickard, formerly pastor of the First Baptist Church, Savannah, was in Macon, where he will soon become president of Mercer University. The bride left with her husband for Nova Scotia before her father's return.

WANT MANN FOR POSITION

Urged for \$7,500 Claims Commissionership—Make Trip to England.

Washington, D. C., July 20.—Friends of former Governor William Hodges Mann among the Virginia Congressional delegation, have been using their best efforts within the past week, it is learned, to secure his appointment as a special commissioner to settle outstanding pecuniary claims between the United States and Great Britain.

This appointment comes under the Department of State, and members of the delegation, particularly Congressmen Flood and Watson, who have led the movement, have placed the matter before Secretary Bryan and urged him to appoint Governor Mann.

Through the passage of the diplomatic and consular bill, prepared by Congressman Flood's committee, the State Department is authorized to appoint an agent to arbitrate these differences.

Both Senators Martin and Swanson and all the members of the congressional delegation, with the exception of Congressman Jones, have formally endorsed Governor Mann.

But the former Governor does not know anything about the efforts being made in his behalf, and is in no way responsible for the initiation of the movement. It is not known by Congressmen Flood and Watson whether he will accept, but it is hoped that he will if the position can be secured for him.

The commissionership is to pay \$7,500 a year salary, and it is believed it will require about one year, to complete the work. It will be necessary for the Governor to make a visit of about two months to London, but the remainder of the time will be spent in Washington.

THREE KILLED IN FEUD.

Another Man Also Shot at Allingdale, W. Va.

Weston, W. Va., July 20.—A long contested fight over a line-fence culminated yesterday in a shooting affray at Allingdale, Nicholas county, in which three men were killed and another was wounded seriously. The dead are John Mammon, Joseph Fletcher and Ernest Bailey, all well-known farmers of Nicholas county. Maston Mammon is in a hospital. Patrick Dorrill, a brother-in-law of Fletcher, is in jail charged with being a participant in the shooting.

The Mammon and Fletcher families had been at odds over a fence between their farms for several years. The ill feeling was intensified several weeks ago when Mrs. Fletcher was beaten severely by unidentified men. The two Mammons and Bailey met Fletcher and Dorrill at Allingdale early today, and both parties opened fire. John Mammon and Fletcher were killed instantly. Bailey died in a hospital after making a statement implicating Dorrill.

Washington Lawyer a Suicide.

James Hemphill Taylor, a native of Baltimore and a prominent attorney of Washington, shot himself through the mouth with a pistol at his home in Chevy Chase yesterday morning and died almost instantly. Shortly before he had attempted to end his life with gas, but the arrival of a colored maid prevented the carrying out of this plan.

THE DISASTER NEAR NORFOLK

It is announced that the Interstate Commerce Commission is to investigate the recent appalling accident to an electric train near Norfolk. Seven persons were killed and a number injured when the train which was coming from Ocean View collided with a coal train.

The accident occurred between twelve and one o'clock last Friday morning, and the cause of the disaster has given rise to many speculations as to the cause. It will be remembered that one victim, when nearing death, said the motorman was either drunk or asleep. It is more likely that he was asleep, and this is suggestive from the hour at which the collision occurred and the fact that he kept the train going at high speed as it neared the coal train. Some of the passengers became apprehensive when they saw he did not slow down.

It is often alleged that men in the employ of railroads became as automata, and occasionally it has been found that sleep has overtaken men at their posts on engines when kept on duty too long.

It is possible the motorman on this ill-fated train had been overworked. If so, the commission will doubtless make public this fact and take proper measures to prevent accidents from such cause in future.

MEXICAN SITUATION.

Now that Huerta has been forced to abdicate as Dictator of Mexico and supposed to be on his way from this continent, conditions in that storm-tossed country are as uncertain as ever. There are no indications of immediate peace, as the people are by no means of one accord.

According to one report, there is a likelihood of the country splitting into two republics. Another report is to the effect that a new revolution is about to be precipitated by certain chronic disturbers of the peace. They have announced that they will resist any government established by agreement between Generals Carranza and President Carral.

Old soldiers tell us there is more danger to individuals in emerging from a battle than in the general combat, and it is a well-known fact that after hostile armies have fought a finish there is great peril in the peace negotiations which follow. It seems to be so in Mexico.

RESORTING TO OPEN-AIR MEETINGS.

The great falling off in church attendance in cities during the summer months is occasioning anxiety to ministers. Many expedients have been resorted to in order to secure and, indeed, especially at night services, some of which have proven satisfactory for a time. Electric fans, ice water, lemonade, etc., have been tested, but in a short time, the novelty wears off, preachers find their voices reverberating around

empty pews.

Outdoor church services have been introduced in Alexandria and other cities and they have been successful. Such services have become popular in Washington, and the need of larger church grounds is being urged by prominent pastors. In the Cathedral Close nearly 1,000 persons assembled about the peace cross at 4 p. m. yesterday.

The Presbyterian Evangelistic Alliance of Philadelphia, will thereafter send out half a dozen automobiles each night, loaded with ordained preachers who will deliver street corner sermons at every prominent point in the city.

When Lycurgus, the lawgiver of Sparta, instituted his council of thirty elders, announced himself as opposed to the body transacting business inside a building. He thought their deliberations should be in the open air. In explaining his position he said that the ornaments inside certain structures, especially pictures and statues, were calculated to divert the attention of people from the real matters which bring them together. This may also apply to religious gatherings.

CHILD ABLAZE AT PLAY.

Carelessly Thrown Match Set Skirts on Fire and She May Die.

Philadelphia, July 20.—Through the carelessness of a cigarette smoker, who tossed a lighted match through a window, the dress of a 6-year-old Fanny Bernbaum, of No. 638 North Eighth street, was ignited as she was playing on the sidewalk early last evening, and the little girl sustained burns which may cause her death.

The child had left her mother seated on the steps of her home, and was romping on the pavement in front of a house a few doors below when the match fell on her flimsy summer clothing. In a moment the girl was enveloped in flames. Pedestrians ran to her and beat out the flames with their hands, but the child had been badly burned on her head and body.

The mother, noticing the excitement, also rushed toward her child, but fainting when she discovered that the girl had been injured. Fanny was taken to the Roosevelt Hospital, where her condition is regarded as critical.

DROWNED BABE AND SELF.

Mother Ties Infant to Body Before Plunging in Delaware.

Chester, Pa., July 20.—With her 13-month-old daughter tied to her waist with a ribbon, Mrs. Floretta Valocchi, 24 years old, drowned herself and infant in the Delaware River at Fulton street yesterday. The bodies were recovered.

Julia Gueritano, the woman's sister, swooned when grapplers brought the linked bodies to the surface. Her husband, Naizulis Valocchi, says his wife left home presumably to go to Philadelphia to visit relatives. The authorities believe the woman's act was prompted by jealousy.

Killed Playing in Street.

Harrisburg, Pa., July 20.—Christian Spavely, Jr., aged 12, was fatally injured by an automobile, while playing ball on the State road, near his home, at Rockville, a short distance above this city, yesterday. Spavely was struck while trying to reach a ball and ran in front of the car. He died a short time after being taken to the hospital in the car which struck him.

Mystery in Man's Hanging.

Norristown, Pa., July 20.—Whether an old man found Saturday evening hanging to a tree near Lederach, 15 miles north of here, committed suicide or was murdered and hung up to divert suspicion, was investigated today by Coroner Neville.

A broken meerschaum cigar holder and other evidences of a struggle raised a doubt as to the manner of death.

The man is at Undertaker Pool's in Skippack. He is about 60 years old, has gray hair and a heavy gray mustache. His gray clothing and shoes are practically new. Weight, about 150 pounds. In his pocket was found \$1.19, but no marks of identification. Trolley men say he got on a car in Norristown Thursday evening.

Jailed for Fraud.

Mobile, Ala., July 20.—Hardway Young, reputed to be one of the South's wealthiest hardware men, well known in New York and Atlanta, was today sentenced to eighteen months in jail and fined \$500 by Federal Judge Touraine for using the mails to defraud. Four state charges of embezzling \$75,000 against Young were dismissed.

FINED AND IMPRISONED.

Irene McDermott Will Pay \$50 And Serve One Month in Jail.

Irene McDermott was arrested today on the charge of conducting a house of ill-fame and selling liquor without a license. The case came before the Police Court at 2:30 o'clock this afternoon, when the accused was fined \$50 and sentenced to serve one month in jail. She was represented by Robinson Moncure.

The McDermott woman was arrested about a week ago on the charge of keeping a disorderly house. She was released, as the evidence against her was not conclusive. She was warned that if she was convicted in future of the charge upon which she had been arrested she would receive a jail sentence.

BELIEVE MYSTERY SOLVED.

Body Exhumed from Potter's Field May Be that of Missing Girl.

Urbana, Ill., July 20.—That the body of a nine-year-old girl exhumed from the Potter's field here is that of the missing Katherine Winters, was the positive declaration of Sheriff E. W. Davis today.

Two detectives arrived here two days ago and told Sheriff Davis and Coroner Hamore they were ready to solve the mystery of the disappearance of the little Winters from the home of her father, Dr. W. A. Winters, at New Castle, Ind., on March 20, 1913. They declared they were positive the girl's body had been shipped here and buried.

The detectives, Sheriff Davis said, have traced the body of Katherine Winters to a town in Florida, and that it had been reshipped to Urbana. Undertaker Guy Stewart, of Champagne, Ill., told them, they said, that a stranger brought the little girl's body to him and asked that it be laid in the receiving vault in Mt. Hope Cemetery, and that "some one would come along in a few days and claim it."

Sexton Brown, of Mt. Hope Cemetery, saw the stranger when the body was brought here. After waiting for a year for a claimant, the body was removed from the receiving vault and buried in the Potter's field.

Immediately after the body was exhumed last night, the two detectives, accompanied by the sexton, left for New Castle 12345 8904 456 wanted the latter to attempt to identify a man in New Castle, but did not indicate who the man was.

Lock Victim in Train for Six Days.

New York, July 20.—Beaten by footpads and locked into a freight car, which ran away with him, Frank Waring was released, bruised and emaciated from hunger, in Springfield Valley, after being imprisoned six days.

William May, a station hand, heard faint rapping on the door of a box car attached to an Erie train. He unlocked the door, and a man, famished, fell out. He fainted, but was revived.

The last he remembered, he said, was being attacked in Olean, N. Y., Monday night. Waring lives in Middletown.

VETERAN DEAD AT 126.

Muskogee, Okla., July 20.—Solomon Wyrick, who was reputed to be 126 years old, and who claimed to be older, is dead at the home of his son, George Wyrick, at Miami, Okla. Wyrick said he was past middle age when serving as a soldier in the Mexican War.

TWO THOUSAND CONVERTS.

Lexington, Ky., July 20.—Four thousand feet, belonging to 2,000 new converts of the Baptist Church, were bathed in Bell County, Ky., by ministers. The foot washing took place in a small creek which runs near the church. The converts took their places along the bank, while the elders, as they passed down the line, knelt and gently dashed the water over the feet, which hung over the water.

Crusade Against Crime Resorts.

Chicago, July 20.—Chicago police have opened a crusade against the old South Side segregated district. M. L. C. Funkhouser, deputy, is working with the health department. "Most of the buildings are insanitary and violate the building laws," he explained. "When insanitary buildings are found I will tear them down. When the building law is violated I will seal up structures."

Yankee Horses Win.

Paris, July 20.—Vanderbilt's Fortenbras, has captured the Prix de Noxay at St. Cloud, and Widener's Colmatia won the Prix Montney, with Vanderbilt's Madison second.

ULSTER CONFERENCE.

British Government Coalition Fears King Will Urge Concessions.

London, July 20.—Intense anxiety prevailed in the House of Commons today as a result of the unexpected action of King George in summoning a conference of the various party leaders at Buckingham Palace tomorrow. The government coalition forces are uneasy, fearing that concessions are to be made to Ulster in the home rule fight. The Nationalists, with John Redmond presiding, were in conference during the morning.

The government, the opposition, the Nationalists and the Ulster covenanters will be represented at the conference with the King tomorrow. Premier Asquith and Chancellor of the Exchequer Lloyd-George will represent the government. Lord Londondown and Bonar Law, the opposition; John Redmond and John Dillon, the Nationalists, and Sir Edward Carson and Captain Craig, the Ulsterites.

It is generally understood that in the negotiations toward an agreement upon an amending measure for home rule, the disposition of the county of Tyrone brought about a complete deadlock.

Tyrone is included in the Unionist demand for a "clean-cut" of Ulster from the provisions of the home rule bill. A majority of the inhabitants are Catholic, however, and the Nationalists declare they will never consent to the exclusion of Tyrone. Unionist business interests predominate in the county and a strong force of Ulster volunteers has been drilling in Tyrone. They declare that if included in the operations of the home rule bill, they will resist by force of arms. The Nationalists threaten to resist if excluded from the Dublin Parliament.

King George is extremely anxious for an early peaceful solution of the Ulster problem, and further pressure from the throne toward the granting of further concessions to Ulster is feared by the government in view of the conference which has been called.

SAVES DAUGHTER

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months. I cannot tell you how I suffered with my head, and with nervousness and womanly troubles."

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me. At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health. If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. It is dangerous. We know it will help you if it has helped so many thousands of other weak women in the past 50 years. At all druggists.

The night I started to take Eckman's Alternative, my cough became lower and gradually disappeared. My weight is now 142 pounds and my physician has pronounced me perfectly recovered. I have just been accepted by two different insurance companies for health insurance. I am now a member of the Eckman's Alternative." W. G. GEE.

Why Suffer from Rheumatism?

When relief from rheumatic pains may be had at so small a cost it is surprising that anyone should fail to avail himself of it. Joseph Copporelli, Canastota, N. One application relieved him wonderfully, and a few days' treatment effected a cure. Many others have found quick relief by applying this liniment. For sale by all dealers.

THE SOCIAL CENTRE

Increase in Enthusiasm Over Alexandria's Playground.

During the past week there has been a marked increase of enthusiasm over the social centre established two weeks ago at the Washington School grounds.

From a beginning wrought with greatest of difficulties, it has developed into one of the city's permanent institutions. Mothers and others interested have at last come to a full realization of what it means.

It required four years' hard work on the part of Mrs. T. Clifton Howard, ably assisted by Mrs. Dr. Jones, Mrs. John Leadbeater and others, to accomplish the task of installing the social centre. But it has come to stay, and although not yet fully understood by the majority, its advance is now soaring with leaps and bounds.

The social centre, established at the Washington School grounds, not only means a playground for the children. That it is to a great extent at the present time. Children of tender years to the number of more than a hundred, gather there daily and under the watchful eyes of Mrs. Beall, the directress, and Miss Tackett, the assistant, enjoy the fresh air and sunshine, the swings, seesaws and sand boxes to their heart's content. But that is only the minor part of the work.

A visit to the centre will convince the most skeptic. The girls are taught to sew, weave and many other domestic science arts, all of which goes to prove the value of the work carried on. Mrs. Beall, who has acquired a reputation in her chosen line of work and done so much in Washington, is proving herself to be one of the best fitted for the task set before her. She has made wonderful progress in the two weeks of her employment at the new institution, and the young children are profiting by her instruction. In giving credit where it is due, Miss Tackett must not be forgotten. She has volunteered her services gratis, and every day will find her with the children, instructing them. Mrs. Howard spends a great deal of her time at the centre and is thoroughly enthused with her work and what she has accomplished for the children of the city.

Preparations are under way for the enlargement of the centre. C. C. Smoot & Sons have donated the use of his large plot of ground south of the school grounds. This is now being cleaned up and the grass cut and it will be utilized for tennis courts, basket ball courts and a baseball diamond. Members of the Boy Scouts, the Washington School and others are at work fixing this latest addition up, and this week will see it a recreation ground of merit.

Arrangements have been made to add to the popularity of the social centre. The local bands have agreed to give free band concerts on the grounds two or three times a week and everything will be done to make it a gathering place not only for the children, but for the parents as well. The work of the social centre will be gradually extended. A young mothers' club is to be formed with instructions from a nurse from the Alexandria Hospital. The girls will be taught the care of their younger brothers and sisters, and so instructed that their mothers can trust them with the younger offspring at any time or place.

The boys' department of the social centre has not been neglected. "First aid to the injured" has been started. Howard Arnold, of this city, and Paul Beall, son of the directress, have given one demonstration of this necessity at which five "patients" were treated. This course will also be enlarged upon.

All in all, Mrs. Howard, through her great efforts, has started the social centre work in Alexandria along the line which is sure to be successful. The financing of it for the summer has been met without inconvenience to anyone. Sufficient funds are on hand to pay the directress her salary and the cake sale at the market every Saturday is netting a nice sum. The social centre is lacking on paraphernalia for athletic purposes. Here is the opportunity for the good citizens to come forth and assist in a work which means so much to the younger generation of the city.

To the mothers of the city a cordial invitation is extended to send their children to the social centre, every day for recreation and instruction. They will be well treated and cared for and taught something of great value in later years. Make a personal call to the social centre yourself and be convinced.

FIRE IN NEW YORK.

Children and Women Lowered Three Stories by Plucky Police Heroes.

New York, July 20.—Lowered three flights by means of a rope, more than a score of women and children were saved from death in a fire early today by policemen.

Marooned on top of a burning four-story building at 2506 Atlantic avenue, on the East Side, the women and children were swung to safety on the roof of an adjoining one-story building by two policemen before the firemen arrived.

The blaze started in a restaurant on the first floor. Policemen Stanton and Gerhardt went through the building, arousing the tenants. Mary Littered, a dress, and by the time they got into the halls the smoke was so dense they could not get downstairs.

The two officers guided the women and children up the stairways, to the roof and safety.

AMMONIA BATH FATAL.

Man Who Fell Into Vat Dies in Terrible Agony.

Philadelphia, July 20.—Literally boiled by the action of strong ammonia Harry Marandina, of No. 808 Wilder street, died yesterday in Mt. Sinai Hospital. He fell into a vat of the powerful chemical at the Baugh Chemical Works, Front and Moore streets, on Saturday. When fished out he was at first thought to be dead, but upon arriving at the hospital he was revived. The cause of the accident appears vague as no one saw him take his fatal tumble, but heard one short shriek when he became submerged.

CAILLAUX ASSUMES BLAME.

Wife of French Premier Placed on Trial Today.

Paris, July 20.—The spectacle of a former premier of France publicly seeking to assume responsibility for the shooting and killing of an editor as the result of a bitter political campaign was in prospect today when Mme. Henrietta Caillaux, beautiful wife of Joseph Caillaux, was placed on trial before the Court of Assizes for the murder of Gaston Calmette, editor of Le Figaro.

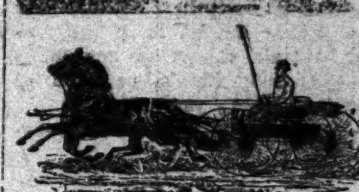

Mme. Caillaux shot Calmette at his office last March, following the publication of a letter of a personal nature written by Caillaux to his present wife before their marriage.

Former Premier Takes Blame.

In discussing the bitter fight which Calmette was waging against him with his wife, Caillaux had remarked that he would "smash Calmette's face." Because of this remark Caillaux will assume responsibility for the death of the editor when he takes the stand, it was reported.

He will declare that by this threat he unintentionally, but unmistakably, upset his wife. She feared that he might attack Calmette and, as a result, ruin his political career. Then, through love for him, she conceived the idea of visiting the Figaro office and appealing to Calmette not to publish other letters he was supposed to have in his possession. There she was overcome by emotion when facing her former husband's most bitter enemy, and losing her head for the moment, pulled an automatic revolver from her muff and shot him to death.

NEWS OF THE DAY.

(Continued from page one.)

Scores among a party of 175 policemen and constables were injured, several seriously, early yesterday in a battle with several hundred infuriated Hindus on board the Japanese steamer Komagata Maru in the harbor at Vancouver, British Columbia. Showers of coal and other missiles rained from the ship on the official force, which attempted to board the steamer from a tug. In the face of the fire the attacking party retreated, and the attempt to board the steamer was temporarily abandoned.

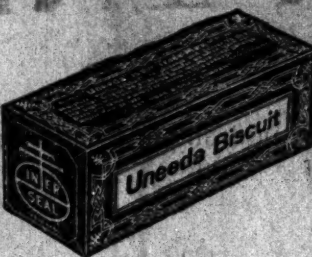

While his bride of four months was gazing over the balustrade on the third floor of a tenement at 250 East 101st street, New York, and wondering what business a rough-looking stranger could have with her husband, Joseph Giordano, four shots suddenly rang out and her husband fell mortally wounded, a victim of the "Blackhand."

The imperishable friendship that Vinson Welsh McLean, the \$100,000,000 baby, and five-year-old Shirley Carter, Jr., swore to maintain has come to an abrupt and complete end. Young Shirley has been sent back from Newport to the home of his parents, Dr. and Mrs. Shirley Carter, of Warrenton, Va., and little Vinson's principal playmate now is "Black Jack" Winbush, the negro boy, who will finally be his valet. Seven weeks ago Shirley Carter, Jr., was temporarily "adopted" into the McLean household, on the Black Point farm, here at Newport. But while Shirley comes of an old Virginia family, there was nothing of a "molly-coddle" in his makeup. Besides being a daring horseback rider, he was deft in the use of his fists, and is said to have been more than a match for Vinson in boxing.

A minister of the gospel, of Sioux City, Iowa, who, while in charge of a pastorate, was also an honorary member and regular attendant at the meeting of a bartenders' union, who has frequented barrooms in New York, Chicago and elsewhere; who refused to allow in his pulpit a speaker of the Anti-Saloon League, who gave up a \$3,000 living rather than recant his declaration that temperance by legal restriction is a failure—these are the high lights in the ministerial career of the Rev. Wallace M. Short, for nearly five years pastor of the First Congregational Church of Sioux City. Matters came to a crisis when Dr. Short signed the licenses in Sioux City in accordance with the State local option law. A petition requesting his resignation was circulated in the form of a resolution and signed by members of the church.

THE OLD DOMINION

Copyrighted, 1914, by "Soc." All rights reserved.

The Old Dominion, the grand old Commonwealth Virginia "Mother of Presidents," cradle of the Declaration of Independence, liberty, home rule and self-government, today is enjoying an era of educational, commercial and industrial prosperity unprecedented and unparalleled in its history.

Everywhere the horn of plenty is overflowing. Everywhere the giant wheels of thrift and progressiveness are turning, grinding into history's pages the records of her wonderful growth, built upon the broad foundation of independence, home rule and Local Self-Government.

Everywhere the spirit of determination for which Virginia and Virginians are noted is in evidence—that determination to lead, not follow; that determination to continue undeterred and undismayed the triumphant march of the great army of progress, the conqueror of hysteria, of passion, prejudice and deceit; that determination to take no step that she would ever have to retrace; that determination to try no experiments which to others have proven failures; that determination not to submit to the dictates of those who by falsehood, trickery and deception would destroy the fundamental principles for which our forefathers fought—the principles of independence, home rule and self-government, the principles of Washington, Jefferson and Wilson, the principles of all her loyal sons.

Virginia is prepared to defend these principles and to overthrow the forces of discontent and unrest—the forces that are trying to becloud the bright horizon of her prosperity, the forces of hypocrisy who are seeking to tear from under her the very foundation of her success—independence, home rule and Local Self-Government.

On September 22d her loyal sons will respond. They will go to the polls and vote against Statewide Prohibition—prohibition that would prohibit her growth and destroy her prosperity.

SIMPLE CLOTHES IN CHURCH

St. Louis, July 20.—The congregation of the East Alton Baptist Church, especially the feminine portion, will not have to take part of the time devoted to worship next Sunday to observe what everybody is swearing. There will be no new Panamas or tub bonnets trimmed with gay ribbons or other creations on view to excite the envy of less fortunate worshippers.

John Jones and J. T. Paddock, church workers, have suggested that

the men wear overalls and jumpers and blue shirts.

The women are expected to appear for worship dressed in simple house dresses.

The trustees of the church adopted the simple dress suggestion after it was noted that the Sunday attendance had fallen off somewhat.

Some of the people who overlooked the services told the trustees that they had been remaining at home because they did not have good enough clothes to wear.
